TEA MENU

BLACK TEAS

Earl Grey

A delicious full-bodied base black tea from Ruhuna in Sri Lanka and a touch of natural bergamot to temper the tea's natural richness giving the tea its delicious, citrusy note.

English Breakfast

A blend of pure single-origin second flush teas from a selection of Assam's best gardens to ensure a bold and true expression of Assam Character.

GREEN TEAS

Jasmine Pearls (£2 supplement)

A true labour of love, each pearl is hand-made by nimbly rolling spring-fresh green tea into pearls. Then, when the temperature is just cool enough, the tea is scented with freshly plucked jasmine blossoms in season. This process is repeated over five consecutive nights, resulting in the most beautiful floral green tea with a deep and long-lasting jasmine aroma from the Fujian Province in Southern China.

Dragon Well

Dragon Well is China's most famous green tea, produced in the hills around Hangzhou's West Lake. This perfect introduction to the unique taste of Dragon Well combines grassy spring freshness and hazelnut sweetness.

WHITE TEAS

Jasmine Silver Needle (£2 supplement)

This tea grows in early spring in Yunnan Province, when only the most perfect, downy buds are picked and then dried in the sun. Then in late summer, the tea is laid beneath a bed of fresh jasmine blossoms from the neighbouring Guangxi Province for five consecutive nights, infusing and balancing this sweet white tea with the freshest jasmine aroma.

O O L O N G T E A S

Iron Buddha (£2 supplement)

With a history of tea production stretching back over a thousand years, this Iron Buddha tea showcases one of the best oolong teas available. It balances your tastebuds with a refreshingly light and floral taste, with a slightly tart finish. Gently oxidised, unlike the more traditional but heavily roasted commercial Iron Buddha Teas

Phoenix Honey Orchid (£6 supplement)

Hailing from China's famous Phoenix Mountain ranges, this Oolong is a seductive shade of orange blossom, with complex notes of orange, vanilla and honey. The tea's fruity, honeyed flavour produced from elegantly long, twisted leaves is accentuated when pairing with our savoury delectables. One of the most complex of Oolongs, a choice that is sure to pull all to the darker side of oolong teas.

Organic Wuyi Oolong

The Wuyi Cassia is an open leaf Oolong harvested in Wuyi, Fujian Province. Through the steepings the tea reveals baked yellow apple and rose petal aromas.

F L O R A L I N F U S I O N S

Flowering Osmanthus (£8 supplement)

A flower prized in Asia for its detoxifying qualities, and its incredible natural scent of ripened fruit, with a fragrance that can be smelled from afar. A cup a day promotes beautiful skin!

Whole Pink Rosebuds

Far surpassing citrus fruits in vitamin C, this beautiful tea is composed of rosebuds and nothing more. Picked when fresh and slowly dried, they retain all their natural goodness – essential oils, aroma and wonderfully enchanting flavour. Upon infusion, they release their charming perfume, with a touch of fresh leaf for a soothing and visual experience.
